

# Magic Wings

And Introducing

Hummingbird Conservation Communities And Reserves

## July 4 & 5

### Jardín Botánico de Puerto Vallarta

# Magic Wings

A festival at the Puerto Vallarta Botanical Gardens  
Celebrating Hummingbird Diversity and  
Introducing Hummingbird Conservation Communities and Reserves (HCCRs)

Sponsored by  
Puerto Vallarta Botanical Gardens and Hummingbird Conservation Networks

We're beginning HCCRs with 3 communities in México, Guatemala, and Perú. Our partners there are working to address key hummingbird conservation issues such as discovering conservation needs of a globally threatened species; restoring habitats to mitigate the adverse effect of loss and fragmentation on hummingbird diversity; improving floral resources to ensure food sovereignty of crops pollinated by hummingbirds; and engaging nurseries and gardens to landscape with native hummingbird-visited plants.

Please join us as we celebrate one of the world's most magical family of birds.

4 Saturday

## OPENING CEREMONY

11:00am

Quechuan Blessing  
Hummingbirds around PVBG  
HCCRs first communities  
Festival presenters

July  
5

Sunday

## EVENT ACTIVITIES

12pm-4pm Sat, 10am-4pm Sun

Kids corner  
Photography for art and science  
Sharing stories about hummingbirds  
Growing native plants and garden designs  
Learning about hummingbirds  
Searching for hummingbirds

## HUMMINGBIRD TALKS
